Dear Mr. Weisberg;

I certainly agree with your conclusions in your book "Oswald In New Orleans", which I've just finished reading. The French Quarter area, where I'm living now, is certainly a Right-Wing "Nest" of Intrigue, Crime, & Perversion. Let me tell you that one night, in a restaurant, a group of, I believe, Cuban "Emigres", were engaged, I believe, with, of course, the aid of CIA funds, in "plotting" their "Invasion" of Cuba. (This is the type of "cloak & dagger" stuff, here)

Clay Shaw has been "exonerated" here, by the "establishment" & this makes him "Innocent". Your evidence is far far, too damning to have been passed (up) by the "jury" who recently tried him, here, & also, of course, by the Warren Commission.

I am from Illinois, and I also can "sense" the "Police-State" atmosphere here in Louisiana.

Keep up your very good work!

(over please)

I have one other Comment: The day J.F.K. was shot, I woke up That morning "Sensing" There had been a "Catastrophe" I switched on The Radio & There it was. I Knew, Right away, The Right - Wing had done it!!!)

(Very Black, Rainy day, indeed, in Illinois Nov 22, 1963.)

I have a little Theory That The Anglo-Saxon Protestant "ruling class" felt That They could not "Control" The Kennedy Brothers, or Martin Luther King, & decided TO do away with Them - So all Three Killings are Therefore, linked Together! Work on That, will you!
